PROFESSIONAL SUMMARY

Final Year Computer Science student at the Islamia University of Bahawalpur with a strong foundation in Salesforce development, process automation, and full-stack web technologies. Experienced in building customized web applications and architecting functional solutions using modern development stacks. Certified Salesforce AI Associate eager to leverage technical skills in dynamic, entry-level engineering roles.

TECHNICAL SKILLS

Salesforce & CRM: Apex, Lightning Web Components (LWC), Flows, Triggers, Workflow Automation, Salesforce Administrator

Web Technologies: React, Node.js, WordPress, JavaScript

Backend & Databases: Go, SQL, PostgreSQL

Tools & DevOps: Flosum, Gearset, Jira, Git, GitHub

PROFESSIONAL EXPERIENCE

Salesforce Developer

Cirronex

- Diagnose, debug, and resolve issues within the Salesforce ecosystem to maintain operational stability.
- Develop custom business logic using Apex classes and optimize workflows using Salesforce process automation tools (Flows).
- Manage the deployment of fixes and code updates across multiple environments ensuring seamless integration using Flosum and Gearset.
- Author and maintain detailed solution documentation to outline technical designs and release strategies.

WordPress Developer

Freelance

- Designed and deployed responsive, highly customized WordPress websites for a diverse range of local and international clients.
- Ensured performance optimization, cross-browser compatibility, and seamless mobile responsiveness.

TECHNICAL PROJECTS

Multicurrency Exchange Integration Platform

Go, React, PostgreSQL

- Developed a full-stack dashboard utilizing real-time API integrations from multiple cryptocurrency exchanges, allowing users to centrally monitor coin data.
- Implemented an AI-powered chat functionality to handle dynamic user inquiries regarding real-time crypto markets.

Salesforce Weather Application Integration

Salesforce LWC, REST APIs

- Built a customized Lightning Web Component (LWC) weather card featured directly on the Salesforce home page.
- Successfully fetched and rendered external weather application APIs to display real-time weather dynamically.

CERTIFICATIONS

- **Salesforce Certified AI Associate** – Salesforce

EDUCATION

Bachelor of Science in Computer Science

Islamia University of Bahawalpur, Pakistan

- **National Competency Test:** Percentile: 82.7 (April 2026)
